1 Identification

- · Product identifier
- · Trade name: Monterey Vanilla Spillproof Organic Air Freshener
- · Article number: No other identifiers
- · Recommended use and restriction on use
- · Recommended use: Air freshener.
- · Restrictions on use: No relevant information available.
- · Details of the supplier of the Safety Data Sheet
- Manufacturer/Supplier: California Scents 18850 Von Karman Avenue Irvine, CA 92612 USA Tel (949) 475-1100
- Emergency telephone number: ChemTel Inc. +1 (800)255-3924, +1 (813)248-0585

2 Hazard(s) identification

· Classification of the substance or mixture

Eye Irrit. 2A H319 Causes serious eye irritation.

Skin Sens. 1 H317 May cause an allergic skin reaction.

· Additional information:

Adverse health effects are not reasonably expected from normal use of product. There are no other hazards not otherwise classified that have been identified. 0 % of the mixture consists of component(s) of unknown toxicity.

· Label elements

· GHS label elements

The product is classified and labeled according to the Globally Harmonized System (GHS).

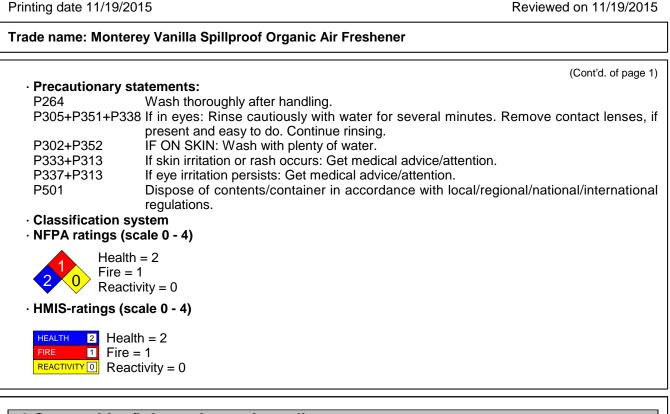

· Hazard pictograms:

- · Signal word: Warning
- Hazard-determining components of labeling: Coumarin piperonal Cassia Oil
 Hazard statements:
- H319 Causes serious eye irritation. H317 May cause an allergic skin reaction.

3 Composition/information on ingredients

· Chemical characterization: Mixtures

· Description: Mixture of the substances listed below with nonhazardous additions.

· Dangerous components:				
106-65-0	dimethyl succinate	50-100%		
	Flam. Liq. 4, H227			
121-32-4	3-ethoxy-4-hydroxybenzaldehyde	2,5-10%		
	🚸 Eye Irrit. 2A, H319			
121-33-5	L	2,5-10%		
	🚸 Eye Irrit. 2A, H319			
91-64-5	Coumarin	≤ 2,5%		
	 Acute Tox. 3, H301; Acute Tox. 3, H311; Acute Tox. 3, H331 Skin Sens. 1, H317 			
120-57-0	piperonal	≤ 2,5%		
	🕐 Skin Sens. 1, H317			
8007-80-5	Cassia Oil	≤ 2,5%		
	🛞 Acute Tox. 3, H311			
	🚯 Eye Irrit. 2A, H319; Skin Sens. 1, H317; STOT SE 3, H335			
· Additional information:				

For the wording of the listed Hazard Statements refer to section 16.

For the listed ingredient(s), the identity and exact percentage(s) are being withheld as a trade secret.

4 First-aid measures · Description of first aid measures · General information: Information is only applicable to product contents, and not to product as normally supplied. This information is applicable to damaged, leaking, or spilled product as contact with contents is possible under these conditions. Adverse health effects are not reasonably expected from normal use of product. Immediately remove any clothing soiled by the product. • After inhalation: Supply fresh air; consult doctor in case of complaints. · After skin contact: Unlikely route of exposure. If exposed to product contents: Immediately wash with water and soap and rinse thoroughly. If skin irritation or rash occurs: Get medical advice/attention. · After eye contact: Unlikely route of exposure. If exposed to product contents: Remove contact lenses if worn. Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor. · After swallowing: Unlikely route of exposure. If exposed to product contents: Rinse out mouth and then drink plenty of water. Do not induce vomiting; immediately call for medical help. Information for doctor · Most important symptoms and effects, both acute and delayed: Headache Irritant to eyes. · Danger: Repeated exposure may cause skin dryness or cracking. May cause sensitisation by skin contact. · Indication of any immediate medical attention and special treatment needed: If necessary oxygen respiration treatment. Treat skin and mucous membrane with antihistamine and corticoid preparations. 5 Fire-fighting measures · Extinguishing media · Suitable extinguishing agents: Use fire fighting measures that suit the environment. · For safety reasons unsuitable extinguishing agents: None. · Special hazards arising from the substance or mixture Formation of toxic gases is possible during heating or in case of fire. · Advice for firefighters · Protective equipment: Wear self-contained respiratory protective device. Wear fully protective suit.

· Additional information: Cool endangered receptacles with water spray.

6 Accidental release measures

· Personal precautions, protective equipment and emergency procedures: Wear protective equipment. Keep unprotected persons away. For large spills, use respiratory protective device against the effects of fumes/dust/aerosol. Ensure adequate ventilation. Particular danger of slipping on leaked/spilled product. · Environmental precautions: Do not allow product to reach sewage system or any water course. Inform respective authorities in case of seepage into water course or sewage system. · Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Pick up mechanically. Send for recovery or disposal in suitable receptacles. Dispose contaminated material as waste according to item 13. Reference to other sections: See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

7 Handling and storage

- · Handling
- Precautions for safe handling: Use only in well ventilated areas.
- · Information about protection against explosions and fires: No special measures required.
- · Conditions for safe storage, including any incompatibilities
- · Storage
- **Requirements to be met by storerooms and receptacles:** Avoid storage near extreme heat, ignition sources or open flame.
- Avoid storage near extreme near, ignition sources of open name.
- Information about storage in one common storage facility: Store away from oxidizing agents.
- Further information about storage conditions: Store in cool, dry conditions in well sealed receptacles. Store receptacle in a well ventilated area.
- · Specific end use(s): No relevant information available.

8 Exposure controls/personal protection

· Additional information about design of technical systems: No further data; see item 7.

10 Stability and reactivity

- Reactivity: No relevant information available.
- · Chemical stability:
- Thermal decomposition / conditions to be avoided:
- No decomposition if used and stored according to specifications.
- · Possibility of hazardous reactions:
- Toxic fumes may be released if heated above the decomposition point.
- Reacts with strong acids and oxidizing agents.
- **Conditions to avoid:** Store away from oxidizing agents. Excessive heat.
- Incompatible materials: No relevant information available.
- Hazardous decomposition products: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx)

· OSHA-Ca (Occupational Safety & Health Administration):

None of the ingredients are listed.

 Probable route(s) of exposure: Ingestion.
 Inhalation.
 Eye contact.

Skin contact.

- · Acute effects (acute toxicity, irritation and corrosivity): Irritating to eyes.
- Repeated dose toxicity: Repeated exposure may cause skin dryness or cracking.
- · CMR effects (carcinogenity, mutagenicity and toxicity for reproduction)
- Germ cell mutagenicity: Based on available data, the classification criteria are not met.
- · Carcinogenicity: Based on available data, the classification criteria are not met.
- Reproductive toxicity: Based on available data, the classification criteria are not met.
- STOT-single exposure: Based on available data, the classification criteria are not met.
- STOT-repeated exposure: Based on available data, the classification criteria are not met.
- · Aspiration hazard: Based on available data, the classification criteria are not met.

12 Ecological information

- · Toxicity
- · Aquatic toxicity: No relevant information available.
- Persistence and degradability: No relevant information available.
- · Behavior in environmental systems
- · Bioaccumulative potential: No relevant information available.
- Mobility in soil: No relevant information available.
- · Additional ecological information
- · General notes:

At present there are no ecotoxicological assessments.

- Do not allow product to reach ground water, water course or sewage system.
- Other adverse effects: No relevant information available.

13 Disposal considerations

· Waste treatment methods

· Recommendation:

Smaller quantities can be disposed of with household waste.

Can be burned with household garbage after consulting with the waste disposal facility operator and the pertinent authorities and adhering to the necessary technical regulations.

The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes. Residual materials should be treated as hazardous.

· Uncleaned packagings

• Recommendation: Disposal must be made according to official regulations.
